THE CANADIAN JOURNAL OF NEUROLOGICAL SCIENCES

VOL. 15, NO. 1 FEB. 1988

SPECIAL FEATURES

Editorial — The Case Report: Clutter or Contribution to Medical Literature:
Harvey B. Sarnat and Robert G. Lee 1

Viewpoint — Normality and Disease
Donald B. Calne and Joanna S. Calne 3

1987 Penfield Lecture — Deafferentation Pain in Man and Animals as it Relates to the DREZ Operation
Blaine S. Nashold, Jr. 5

ORIGINAL ARTICLES

Multicore Myopathy: Not Always a Benign Entity
Ashfaq Shuaib, Justin M.E. Martin, L. Brent Mitchell and A. Keith W. Brownell 10

Tizanidine Versus Baclofen in the Treatment of Spasticity in Patients with Multiple Sclerosis
B. Bass, B. Weinshenker, G.P.A. Rice, J.H. Noseworthy, M.G.P. Cameron, W. Hader, S. Bouchard and G.C. Ebers 15

Interpretation of Single Band Patterns in CSF Protein Electrophoresis
B.H. Bass, H. Armstrong, B. Weinshenker, G.C. Ebers, J H. Noseworthy and G.P.A. Rice 20

Gamma-Aminobutyric Acid (GABA) and Sepsis-Related Encephalopathy
T.R. Winder, G.Y. Minuk, E.J. Sargeant and T.P. Seland 23

Multimodal Evoked Potential Studies in Leukodystrophies of Children
L.J. De Meirleir, M.J. Taylor, W.J. Logan 26

Treatment of Dopaminomimetic Psychosis in Parkinson's Disease with Electroconvulsive Therapy
T.A. Hurwitz, D.B. Calne and K. Waterman 32

Primary Hyopthyroidism Presenting as Growth Delay and Pituitary Enlargement
John D. Farley, Ellen L. Toth and Edmond A. Ryan 35

Lymphocytic Adenohypophysitis
Michael W. McDermott, Donald E. Griesdale, Kenneth Berry and G. Edwards Wilkins 38

Harrington Rod Instrumentation: A Cause of Brown-Sequard Syndrome
C.B. Van Orman and H. Z. Darwish 44

SPECIAL SUPPLEMENT — NEUROSURGICAL SYMPOSIUM

Preface — The William S. Keith Visiting Professorship in Neurosurgery ... 47

Treatment of Syringomyelia with a Syringosubarachnoid Shunt
Charles H. Tator and Carlos Briceno 48

Current Status of Artificial Vision by Electrocortical Stimulation
John P. Girvin 58

Management of C hronic Ventilatory Insufficiency with Electrical Diaphragm Pacing
R. Graham Vanderlinden, Stanley W. Epstein, Robert H. Hyland, Harley S. Smythe and Loren D. Vanderlinden 63

Cochlear Nerve Monitoring During Cerebellopontine Angle Operations
D.W. Rowed, J. M. Nedzelski, M.Z. Cashman, S. Stanton and R.V. Harrison 68

Electrophysiological Monitoring During Acoustic Neuroma and Other Posterior Fossa Surgery
R.D. Linden, C.H. Tator, C. Benedict, D. Charles, V. Mraz and I. Bell ... 73

Spectral Analysis of the EEG in Craniocerebral Traumah
Richard J. Moulton, Anthony Marmarou, Jacob Ronen, John D. Ward, Sung Choi, Harry A. Lutz, Steven Byrd, Antonio Desalles, Angelo Maset, J. Paul Muizelarr and Harold F. Young 82

CORRESPONDENCE 87

BOOK REVIEWS 89

CALENDAR OF EVENTS 93

ERRATUM 93

VOL. 15, NO. 2 MAY. 1988

SPECIAL FEATURES

Novel Uses of EMG to Study Normal and Disordered Motor Control
Richard B. Stein 95

Mechanisms of Action of Neural Grafts in the Limbric System
György Buzsaki and Fred H. Gage 99

Idiopathic Parkinson's disease: Revised Concepts of Cognitive and Affective Status
Ann E. Taylor, J.A. Saint-Cyr and A.E. Lang 106

ORIGINAL ARTICLES

Immunocytochemical Analysis of Intermediate Filaments in Human Ependymal Tumors
D. Izukawa and B. Lach 114

Cerebral Metastases from Malignant Melanoma
Ivar M. Mendez and Rolando F. Del Maestro 119

Hypomelanosis of Ito. Neurological Complications in 34 Cases
Ignacio Pascual-Castroviejo, Luisa López-Rodriguez, Maria de la Cruz Medina, Cipriano Salamanca-Maesso and Carmen Roche Herrero 124

Cerebral Arteriovenous Malformations with Associated Arterial Aneurysms: Hemodynamic and Therapeutic Considerations
Douglas Kondziolka, Bruce J. Nixon, Pierre Lasjaunias, William S. Tucker, Karel TerBrugge and Sanford M. Spiegel 130

Late Progression of Post-Encephalitic Parkinson's Syndrome
Donald B. Calne and Andrew J. Lees 135

Parental Age and Birth Order in Alzheimer's disease: A Case-Control Study in the Saguenay-Lac-St-Jean Area (Quebec, Canada)
M. De Braekeleer, S. Froda, D. Gautrin, H. Tetreault and D. Gauvreau 139

Familial Alzheimer's Disease
A.D. Sadnovick, H. Tuokko, A. Horton, P.A. Baird and B.L. Beattie 142

The Effects of Myoinositol on the Autonomic Neuropathy in the Streptozotocin Diabetic Rat — A Freeze Fracture Study
G. Monckton and H. Marusyk 147

Calcification in a Recent Cerebral Infarct — Radiologic and Pathologic Correlation
J. Parisi, C. Place and S. Nag 152

Jacob-Creutzfeldt Disease Associated with Wernicke Encephalopathy
S. Gaytan-Garcia, J.J. Gilbert, J.H.N. Deck and J.C.E. Kaufmann 156

Magnetic Resonance Imaging of Meningio-Angiomatosis
Ruben Kuzniecky, Denis Melanson, Yves Robitaille and André Olivier 161

In Memoriam: William Strathearn Keith (1902-1987)
Ross Fleming 165

CORRESPONDENCE 167

BOOK REVIEWS 169

CALENDAR OF EVENTS 171

CANADIAN ASSOCIATION OF NEUROPATHOLOGISTS — Abstracts ... 172

XXIIIIrd CANADIAN CONGRESS OF NEUROLOGICAL SCIENCES — Program and Abstracts 179

VOL. 15, NO. 3 AUG. 1988

SPECIAL FEATURES AND REVIEWS

Cognitive Enhancing Agents: Current Status in the Treatment of Alzheimer's Disease
Cheryl Waters 249

Diagnosis of Central Nervous System Lupus
Paul O'Connor 257

Stroke Assessment Scales: Guidelines for Development, Validation, and Reliability Assessment
Robert Côté, Renaldo N. Battista, Christina M. Wolfson and Vladimir Hachinski 261

Magnetic Resonance Imaging in the Assessment of Disease Activity in Multiple Sclerosis
Donald W. Paty 266

The High Cost of Not Doing Neurological Research
William C. Gibson 273

ORIGINAL ARTICLES

Botulinum Toxin Injections in the Treatment of Blepharospasm, Hemifacial Spasm and Eyelid Fasciculations
Stephen P. Kraft and Anthony E. Lang 276

Changes in Serum Anticonvulsant Levels with Febrile Illness in Children with Epilepsy
Keith J. Goulden, Peter R. Camfield, Carol S. Camfield, John A.R. Tibbles, Joseph M. Dooley, Albert D. Fraser, Kenneth W. Renton 281

Abnormal Visual Adaptation to Flicker in Multiple Sclerosis
J.E. Raymond 286

Evoked Potential Studies in Friedreich's Ataxia and Progressive Early Onset Cerebellar Ataxia
M. Vanasse, L. Garcia-Larrea, Ph. Neuschwander, P. Trouillas and F. Mauguière 292

Cerebellar Atrophy in Epileptic Patients
M.I. Botez, Ezzedine Attig and Jean Lorrain Vézina 299

An Unusual Subacute Progressive Motor Neuronopathy with Myasthenia-like Features
J.H. Noseworthy, A.D. Rae-Grant, W.F. Brown 304

Sphenoethmoidal Sinusitis Complicated by Cavernous Sinus Thrombosis and Pontocerebellar Infarction
Robert L. Macdonald, J. Max Findlay and Charles H. Tator 310

Myopathy in Primary Systemic Amyloidosis

THE CANADIAN JOURNAL OF NEUROLOGICAL SCIENCES

VOL. 15, NO. 1 FEB. 1988
